

**ABSTRACT**

The City of Warner Robins is applying for funds from the Edward Byrne Memorial Justice Assistance Grant (JAG) program FY 2016 Local Solicitation in order to fund a project titled FY 2016 JAG Grant Law Enforcement Project. The amount of funds allocated for the application is \$31,639. The Warner Robins Police Department (WRPD) and the Houston County Sheriff's Office (HCSO) have been declared disparate for this grant program and have agreed in a signed Memorandum of Understanding (MOU) to split the funds equally between the two agencies with the City of Warner Robins acting as the applicant/fiscal agent for the joint funds.

The project goal of the FY 2016 JAG Grant Law Enforcement Project is to improve and enhance local law enforcement programs by supplementing the ability of WRPD and HCSO to purchase law enforcement equipment. The strategies to be used to meet the goal of the FY 2016 JAG Grant Law Enforcement Project are as follows: for WRPD to purchase software to be used by department personnel and for HCSO to purchase a law enforcement vehicle.

In order to meet the goal of this project, there will need to be coordination between WRPD and HCSO. As stated previously, there is a signed MOU for this project that states there will be coordination between the two agencies in order to complete the required progress reports and financial reports for the grant.

**Project Identifiers** – Computer software/hardware, and Vehicles – (Police Sedan/SUV)
